Craft Fineness Precission

During the design process, we were particularly careful in reproducing the handicraft effects through the latest technologies of ceramic manufacturing. Our goal is to keep the unique beauty of the craft imperfection while adding all the technical guarantees of a meticulously engineered process.

This collection interprets a decor concept based on the structures and contrasts of light created on the many finishes of ceramic surfaces. The beauty of Surface derives from the proximity of polished or matt, shiny or mother of pearl spaces, mutually emphasised by the light reflecting on the Tiles. The decor exalts the trendy colours inside the geometric compositions
